Election/Restrictions

This application is in condition for allowance except for the presence of claims 31-33 directed to an invention non-elected without traverse. Accordingly, claims 31-33 been cancelled.

Allowable Subject Matter

Claims 1-22, 24-30, 34-41 are allowed.

The following is an examiner's statement of reasons for allowance:

The allowable subject matter of claims 1-8, 11-20 is indicated in the Office action mailed 10/20/06.

As to Claim 9, the prior art of record taken alone or in combination, fails to disclose or render obvious the second structural element is substantially non-reflecting, a separation between the first and second reflecting surfaces determines a phase depth condition for the detected light, and the second reflecting surface comprises a plurality of additional structural elements located above an opaque layer, in combination with the rest of the limitations of the claim.

As to Claim 21 and 41, the prior art of record taken alone or in combination, fails to disclose or render obvious a plurality of second structural elements, the marker structure capable of directing light incident thereon to a sensor, wherein the first structural elements comprise a plurality of primary lines comprising a first material and a plurality of first interposed lines comprising a second different material, in combination with the rest of the limitations of the claims.

As to Claims 36-40, the prior art of record taken alone or in combination, fails to disclose or render obvious the second structural element being substantially non-reflecting, a separation between the first and second reflecting surfaces determining a phase depth condition for the detected light, and a recess provided in the second reflecting surface to modify the phase depth condition, in combination with the rest of the limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

This application is in condition for allowance except for the following formal matters:

In the specifications, page 10, line13, "Figure 3" should be replaced with
--Fig. 3a--.

Figures 2 and 3a should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not

accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
